

POB Webinar

**Join our webinar on March 16th, 2021,
at 16:30-17:30 CET (8:30-9:30 am MST)
on “Using PQL in POB”**

The one-hour webinar will be held by Jesper Solholm, Wendia Denmark senior consultant, who will show where and how POB Query Language (PQL) can be used in POB.

You will see how to utilize PQL statements and how they can enhance automation within POB. Several examples of where PQL is used, e.g. in Triggers, Events and Mail Templates will be provided. Through these examples and use cases Jesper will show how PQL is being used in real POB implementations and scenarios. There will also be time for questions.

Join this webinar to learn more about using PQL in POB.

Registration by March 12th, 2021, by sending a mail to ms@wendia.com

A link to join the webinar will be sent out prior to the webinar.
